

PALM LAKE BALLINA RESIDENTS' COMMITTEE

CALLING ALL PALM LAKE BOWLERS AND TENNIS PLAYERS

Commencing on Monday 4 May 2020 restricted bowling and tennis will recommence at Palm Lake Resort Ballina

All players must continue to comply with government requirements relating to social distancing. Therefore in both sports competition will be limited to singles matches only.

BOWLS

Only two people are permitted to play against each other in a single rink. Every alternate rink will remain vacant so at most, only 8 bowlers will be permitted at any time. Every bowler must register on the list outside the club. Playing times will be available daily in two hour sessions starting at 8am. Members of the Bowls Club Committee will manage allocation of players to rinks and matches. The bowls club house will not be open except for 10am to noon on Monday 4 May for players to collect their bowls.

TENNIS

Play is restricted to two simultaneous singles matches on the two courts. Prospective players must preregister on the form that will be available at the courts.

We stress that compliance with social distancing standards is essential at all times. These sports are being opened mainly to provide exercise opportunities rather than social interaction. We will be monitoring both the tennis courts and the bowls green and will quickly withdraw the facilities if participants do not comply.

Let the games begin.....
